*Hi Scott,*

*“Overall, it was a great learning experience for the girls & parents at the Missouri, 12U Central Region Softball Championships. I had many parents come up to me & tell me my daughter is the kind of player that they want on their team because she always gives 100% & she has confidence to get the job done. I just wanted to say thanks because she didn’t have that drive or that confidence until she went to the hitting clinic with you. My wife & I really appreciate the work you did with her.*
